HOW TO MOTIVATE FRANCHISEES

Inspire Your Franchisees to Perform Better

The smaller a business is, the more its performance will be affected by the performance of the owner. Therefore, it follows that the continued hard work and commitment of your franchisees is essential both to their business and to yours.

But people do not perform at 100% all of the time for all sorts of reasons and often need some support and a little inspiration to help them through.

This is where franchisees should have an advantage over other small businesses, because they have you to lean on.

However, providing that support and being an inspiration to your franchisees on a daily basis is, as you know, no easy thing.

This workshop will give you a better understanding of what motivates franchisees as well as some effective techniques for communicating with and enthusing them.
